A Word to Our Patrons and the Trade

For those unacquainted with us we would say that over 50 years ago the foundation of our business house was laid, and from a very humble beginning, as a result of energy, industry and honesty our business has grown to be of vast proportions, and at this time we are second to no house in point of amount of stock grown and sent out east of the Mississippi. It is very stimulating and encouraging to see old customers sticking to us and also many new names added to the book annually, and if *strict personal attention* to the growing and handling of the stock will insure proper treatment of orders, we are confident that you may rest easy after you decide to trade here. We are fully equipped with every method and appliance to execute orders in an "up-to-date" manner.

We are large growers of a general line of Nursery Stock, especially Apples, Peaches, Std. Pears, Plums, Small Fruits, Ornamentals, etc., etc., besides growers in a greater or less degree of nearly every hardy tree or plant to be found in a first class nursery.

In the following list we have tried to make prices as low as first-class nursery stock can be sold. We solicit your patronage.

FRANKLIN DAVIS NURSERY CO.

BALTIMORE, MD.

—: FOR :—

FALL, 1905

SPRING, 1906

56th YEAR

WHOLESALE PRICE LIST

(FOR NURSEYMEN AND DEALERS ONLY)

Dunn and Bradstreet Mercantile Agencies.

OFFICERS

JOSEPH DAVIS - - - President

HOWARD DAVIS - - Sec'y and Treas.

PACKING SEASON.

FALL—Usually September 20th to December 20th.

SPRING—Usually February 15th to May 15th.

PACKING.

This is done in boxes and bales, for which we make a reasonable charge.

FRESH DUG STOCK.

There is no need to cellar here ; neither do we dig in the Fall and heel. Nothing is dug until just before shipment. Everything fresh, bright and clean.

GRADING.

This is a FEATURE of our business. "Our boys" know just how to do it. You can depend on it being done in the best manner.

OUR TERMS.

Parties not known to us, cash or satisfactory reference. Our usual terms to reliable parties. Fall shipments, December 1st ; Spring shipments, June 1st.

COMPLAINTS.

Should there be any reason for complaints we must insist on being notified at once on receipt of goods, otherwise we cannot entertain such. We are always glad to give all reasonable claims and complaints prompt consideration.

PROMPT SHIPMENT.

Orders by telegraph shipped same day as received. We keep a large force of efficient help on hand during shipping season, and with every modern packing device we are fully equipped for rushing orders through. No reason for delay here, and if we say your trees will be shipped on a certain day, **THEY GO ON THAT DAY.** No disappointments.

CAUTION.

We accept all orders under the condition that they shall be void should any injury befall the stock from frost, hail, storm, fire or other causes over which we have no control.

GUARANTEE OF GENUINENESS.

While we exercise the greatest care to have all our trees and plants true to name, well grown, and packed in the best possible manner, and hold ourselves in readiness on proper proof, to replace all trees or plants that may accidentally prove untrue to label, free of charge, or refund the amount paid therefor, it is mutually understood and agreed to between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than originally received for said trees or plants that prove untrue.

Our reputation for upright dealing and the uniformly high standard of the quality of our products, the result of over fifty years' business career, is our only guarantee to customers.

Long lists of two or three trees of a variety will not be filled at these prices.

APPLE.

TWO AND THREE YEARS.

We grow Apple in very large quantities, possibly more than any firm east of the Mississippi River. Our two-year buds and three-year grafts are simply "gilt edge"—all young, fresh and clean.

Here at Baltimore apple trees can be grown as fine as any place under the sun. See our long list of all the best kinds. Car load lots a specialty.

We have several carloads of extra heavy Elms, Tulip Poplars, Silver Sugar and Norway Maples, American Lindens, Pyramidal and English Oaks. These will caliper 2½ to 3 inches and 3 to 4-inch. Prices on application.

EVERGREENS.

All our Evergreens are compact and shapely, and all have been transplanted twice or more and properly thinned in the nursery rows to prevent overcrowding. They are very fine. Some extra large specimens.

STATE OF MARYLAND

STATE HORTICULTURAL DEPARTMENT

Certificate of Nursery Inspection

This is to Certify, That on the 21st and 22nd days of August, 1905, we examined the Nursery Stock of Franklin Davis Nursery Co., growing in their nurseries at Mitchellville, County of Prince George, State of Maryland, in accordance with the Laws of Maryland, 1898, Chapter 289, Section 58, and that said nurseries and premises are apparently free, so far as can be determined by inspection, from the San Jose Scale, Peach Yellow, Pear Blight and other dangerously injurious insect pests and plant diseases.

THOMAS B. SYMONS,

State Entomologist

J. B. S. NORTON,

State Pathologist

SPECIAL

We have a select lot of SHADE TREES of the following:

Fine full heads and straight bodies.
